

NEW

Green Prefect (GP) Programme

Arousing students' environmental awareness through GPs' encouragement and monitoring of their peers' green habits on campus, and helping to improve schools' environmental performance.

Schools

- Free professional advice from the **Technical Consultant**; and
- Free online training and use of the **enquiry helpline service**

Application
Deadline:

OCT
16

GPs

- GPs will receive a **soft copy of GP Programme Handbook** for carrying out their duties;
- Each GP will obtain a **Big Waster (大嘍鬼) badge**; and
- **“Outstanding Award”** or **“Certificate of Appreciation”** for GPs with outstanding performance and contributions

Student Environmental Protection Ambassador (SEPA) Scheme

Enhancing the environmental knowledge and skills of SEPA's with a view to turning their environmental awareness into actions.

Schools

- **Subsidies for schools to organise school-based environmental education activities** (max. HK\$500 for primary schools and HK\$800 for secondary schools); and
- Equipping students and teachers with better knowledge and ability in organising **school-based environmental activities**

Application
Deadline:

OCT
9

SEPA's

- **Over 100 seminars, workshops, field visits**, as well as the newly introduced **STEM Training Workshops** and **Environmental Education Training Camps** for teachers and SEPA's to join for free; and
- **“Outstanding SEPA Gold, Silver and Bronze Awards”** and **“SEPA Merit Award”** for outstanding SEPA's

Green School 2.0

“Green School 2.0” offers comprehensive programmes for schools to cultivate a positive and green school culture. Apart from providing one-stop services and subsidies to schools for the provision and installation of various green facilities, environmental education programmes are also covered. Details will be announced soon!
