- (b) In preparing any submissions, the Contractor shall adopt the green measures below –
 - (i) All submissions are to be printed on both sides and preferably on recycled and unbleached paper. Paper exceeding 80 gsm is not recommended as a general rule.
 - (ii) Unnecessary or excessive use of plastic laminates, glossy covers or double covers should be avoided. If a cover for the submission is necessary, the use of recyclable non-glossy art board paper is encouraged.
 - (iii) Excessive white space around the borders and in between the paragraphs of all documents prepared by the Bidder or the Contractor should be avoided. A margin of 2 cm should be sufficient. Excessive use of blank paper for presentation purposes should be avoided as well.
 - (iv) The number of pages in a submission can be reduced by reducing the size of typeface (font). For example, "Times New Roman" or "C.G. Times" font size not larger than point 12 or 10 characters per inch should be used in balancing legibility and clarity against the waste reduction objective. The appearance and readability of the document can be improved by using two columns where the font size used is point 12.

In the event that there is any conflict, contradiction or ambiguity between any documents which form part of the Contract, the following order of precedence shall be applied in order to resolve any such conflict, contradiction or ambiguity –

- (a) Service Specifications/Specifications of Services in the Contract
- (b) General Conditions of Contract
