## INSTRUCTIONS ON SUBMISSION OF PROPOSAL

1. In response to this invitation for proposals, the Tenderer is required to submit the proposal in the manner set out in this Appendix. Failure to fully comply with the instructions and guidelines herein may render the proposal null and void.
2. The costs quoted by the Tenderer shall cover all expenses that may be incurred for the purpose of meeting the objective and requirements specified in the Service Specifications (**Appendix 2**). Such expenses must include the full costs for planning, coordinating, liaising, implementing and executing the services and any other costs related to the fulfilment of the objective and requirements specified in the Service Specifications. The Tenderer should read the Service Specifications carefully before submitting a proposal.
3. The proposal must be submitted in two separate parts, each of which shall be enclosed in its own **sealed** envelope. The contents, which must be provided on A4 double-sided recycled paper and not in digital formats, to be enclosed in each envelope are as follows:

### 3.1 **Envelope A**

Marked '**Price Proposal of Provision of Services for the Launching Ceremony cum Symposium, Exhibition and Publicity for National Ecology Day 2025**' with the **Name of Company** clearly written on the envelope

- (i) **Schedule 5 – Price Proposal of Annex A** duly completed.

### 3.2 **Envelope B**

    - **Quality Assurance plan**
  - (v) **Annex B – Declaration of Compliance**, duly completed with the original company/organisation chop and the authorised representative's signature;
  - (vi) **Annex C – Non-collusive Tendering Certificate**, duly completed with the original company/organisation chop and the authorised person's signature to the effect with the Tenderer understands and will abide by Clause 10 below. Where the Tenderer comprises two or more companies/organisations acting in partnership, joint venture or otherwise, each of all such companies/organisations must duly complete a Non-collusive Tendering Certificate for inclusion in the submission.
- The authorised person means the same person who is authorised to sign the contract if awarded by the ECC on the Tenderer's behalf.
- (vii) **Annex D – Offer to be Bound**; and
  - (viii) **A copy of a valid Business Registration Certificate** or other valid business document issued by a governmental or competent authority.

4. The two parts, i.e., the two envelopes, of the proposal shall **reach** the following address **together by 12:00 noon on 25 June 2025**.

Environmental Campaign Committee Secretariat  
5/F, Southorn Centre,  
130 Hennessy Road,  
Wan Chai, Hong Kong

5. Any late submission will **not** be accepted. All the date and time mentioned in this invitation exercise refer to the Hong Kong Time.

6. In case a black rainstorm warning or typhoon signal No. 8 or above is in force during any time between 9:00 a.m. and 12:00 noon on the submission deadline, the closing time for submission will be extended to 12:00 noon of the working day immediately following the cancellation of the afore- said warning or signal. Saturdays, Sundays, Public and Statutory Holidays are not considered working days for the purpose of this Appendix.

7. A tender briefing session will be held at 13 June 2025 at 2:30 p.m. via online meeting. Although attendance at the tender briefing session is not compulsory, prospective Tenderers are encouraged to participate. A prospective Tenderer who wishes to attend the tender briefing session is requested to complete the **Reply Slip** at **Annex F** and submit it via email to the Environmental Campaign Committee Secretariat at ecc@eeb.gov.hk on or before 5:00 p.m. on 11 June 2025.

7.1 Questions for clarification at the tender briefing session may be submitted in writing to the Environmental Campaign Committee Secretariat by email at ecc@eeb.gov.hk on or before 5:00 p.m. on 11 June 2025.

7.2 In case Tropical Cyclone Warning Signal No. 8 or above is hoisted or Black Rainstorm Warning Signal or “extreme conditions after super typhoons” announced by the Government is/are in force for any duration between 9:00 a.m. and 2:30 p.m. on 13 June 2025, the tender briefing scheduled for that day will be cancelled and the ECC Representative may notify prospective Tenderers who have submitted the reply slip of the arrangements for the rescheduled tender briefing.

8. All qualified Tenderers may be invited to present their technical proposals to the assessment panel tentatively in late June 2025. Details of the presentation, including the date, time and venue, will be confirmed through the invitation separately. This invitation will be issued to qualified Tenderers not less than five (5) calendar days prior to the scheduled presentation date.

9. The Tenderer shall note the following before submitting a proposal:

9.1 A Tender submitted in response to this Invitation to Tender shall remain valid and open for acceptance for a period of **not less than 120 days** after the Tender Closing Date (validity period). **If a Tenderer rejects this validity period or counter-proposes a shorter validity period, its tender will not be considered further.**

9.2 In the preparation of the proposal, the Tenderer shall take into consideration the scope of service, terms and conditions governing the execution of Services in the Service Specifications. By virtue of the Tenderer’s submission of a proposal, the Tenderer is deemed to have accepted such scope, terms and conditions, irrespective of whether or not the Tenderer has expressly given its agreement in writing.

- 9.3 In accordance with **Clause 30 of Appendix 3**, the Tenderer's proposal must be presented in a gender-sensitive manner and the Tenderer shall ensure that the medium of promotion suggested by the Tenderer will effectively reach people of both gender. Furthermore, the proposal shall be submitted in compliance with the Green Management Requirements at **Clause 34 of Appendix 3**.
- 9.4 The cost of each and every Item or its subordinate Item on **Schedule 5 of Annex A** **must be** quoted.
- 9.5 The ECC Representative shall have the full right to decide whether to purchase any, all or none of such items in any quantity. In the event that the ECC Representative purchases one or more of such item(s), the cost for the item(s) will be adjusted in accordance with the rates and the actual quantities required.
- 9.6 The rates quoted in accordance with Sub-clause 9.4 shall remain the same from the date of acceptance of proposal and throughout the entire period of Service
- 9.7 The Tenderer shall ensure that the proposal, in particular the costs quoted, is accurate in every respect before submission. Under no circumstances will the ECC Representative accept any request for cost adjustment on grounds that a mistake has been made in the **Price Proposal at Schedule 5 of Annex A**.
- 9.8 The costs quoted shall be precise to the Hong Kong dollar only and the Tenderer shall not quote the cost in odd cents.
- 9.9 Clarifications, where necessary, may be carried out with individual Tenderers if the proposal contains points of doubt. Replies from the Tenderer, if acceptable to the ECC Representative, will be included as part of the Tenderer's proposal.
- 9.10 The provisions of Sub-Clause 9.9 are not tender negotiations. They are merely a means for the ECC Representative to obtain supplementary information from the Tenderers to remove ambiguities in the proposal. The Tenderer from whom clarification is sought does not have an advantage over the other Tenderers from whom clarification is not required, and vice versa. Variations of offer by the Tenderer during the course of a clarification are not acceptable.
- 9.11 The Tenderers who do not receive an invitation for signing a contract within the proposal's validity period may assume that the proposal has not been successful. Documents of the unsuccessful proposal will be destroyed within **four** months from the date the validity of the proposal expires.
- 9.12 The ECC Representative reserves the right not to consider any proposal and is not under any obligation to give a reason for so doing. A proposal need not be considered if it does not comply with the instructions and conditions set out in this invitation

exercise, or if any information provided by the Tenderer, whether in the proposal or not, is not sufficient for the ECC to carry out a tender evaluation.

- 9.13 The ECC Representative are not under any obligation to consider a proposal if a claim is received by the ECC Representative alleging, or the ECC Representative having grounds to believe, that the services, deliverables or products to be supplied by the Tenderer in relation to the Services are infringing the copyrights or have otherwise infringed the intellectual property rights in the service, deliverables or product of a third party.
  - 9.14 The ECC Representative shall not bear any cost incurred in relation to or incidental to the Tenderer's submission of a proposal, the Tenderer's participation in the selection process such as presenting its technical proposal in front of a selection panel if invited by the ECC Representative, and any associated preparatory work or travel that the Tenderer may undertake on its own accord.
  - 9.15 The Tenderer shall inform the ECC Representative in writing immediately of any change which occurs after the submission of a proposal and which might affect the proposal or the Tenderer's ability to fully or partly provide the services as proposed. The ECC Representative reserves the right to re-evaluate the entire proposal in the light of the new information.
  - 9.16 Upon request by the ECC Representative whilst the Tenderer's proposal remains valid, the Tenderer shall provide the latest audited accounts or unaudited accounts as appropriate for checking **within 14 calendar days** from the date of such request. Failure to provide the accounts within the stipulated time will render the proposal null and void.
  - 9.17 If the Tenderer is appointed to provide all or part of the services specified in the Service Specifications, the Tenderer's subsequent performance in executing the services will be monitored and may be taken into consideration when the Tenderer's future tenders, quotations, service proposals and the like are evaluated by the ECC and/or the Hong Kong Government.
  - 9.18 The ECC reserves the right not to invite any of the Tenderers to enter into a contract, written or otherwise, for the provision of all or any of the services specified in the Service Specifications.
10. The Tenderer shall comply with the non-collusive requirement and confirm that such has been complied with. Details of the non-collusive requirement are as follows:
- 10.1 The Tenderer shall not communicate to any person other than the ECC or the ECC Representative the amount of any bid/tender, adjust the amount of any bid/tender by arrangement with any other person, make any arrangement with any other person

about whether or not the Tenderer or that other person shall or shall not bid/tender or otherwise collude with any other person in any manner whatsoever in the bidding process until the Tenderer is notified by the ECC Representative of the outcome of the bid exercise. Any breach of or non-compliance with this Sub-clause by the Tenderer shall, without affecting the Tenderer's liability for such breach of rules and laws or non-compliance, invalidate the Tenderer's submission.

10.2 Sub-clause 10.1 shall have no application to the Tenderer's communications in strict confidence with the Tenderer's own insurers or brokers to obtain an insurance quotation for computation of service cost and communications in strict confidence with the Tenderer's consultants/sub-contractors to solicit their assistance in the preparation of the submission of a proposal.

11. Without prejudice to the ECC's right to cancel the invitation, where there are changes of requirement after the closing date for operational or whatever reasons, the ECC Representative is not bound to accept any conforming offer and reserves the right to cancel the invitation. The ECC also reserves the right not to engage any Tenderer or to engage one or more Tenderer(s) as its Contractor for the provision of the Services.

12. Each Tenderer's proposal will be assessed and rated in the following manner:

12.1 The assessment will be done **separately** on the **Technical Proposal** and the **Price Proposal**.

12.2 For the purpose of this Clause, the Price Proposal refers to the "**Total Cost of all Mandatory Items**" that the Tenderer provides on **Part (A) of Schedule 5 of Annex A**.

12.3 Tenders will be checked to ensure their compliance with the essential requirements as set out in **Clauses 5.2 and 10 of Appendix 2 Service Specifications**. A Tender which fails to meet the essential requirements will not be considered further. Tenders which have passed this checking will proceed to technical assessment.

12.4 The assessment of the Technical Proposal will be further itemised into the following areas. For further details, please refer to the **Marking Scheme for Technical Assessment of this Appendix**.

Assessment criteria		Maximum Score	Passing Score
<b>Section A – Execution Plan</b>			
1	Operation Plan for (i) Launching Ceremony cum Symposium, (ii) Exhibition, and (iii) Publicity	50	35
2	Manpower Plan	12	
3	Quality Assurance Plan	8	

Assessment criteria			Maximum Score	Passing Score
<b>Section B – Experience</b>				
4	Experience of Tenderer		9	15
5	Experience of the Proposed Project Team	Project Manager	6	
6		Stage Manager	3	
7		Creative Designer	3	
8		Public Relations Manager	3	
9		A Cappella Group	2	
10	Experience of the Proposed Performance Units	Children's Martial Arts Dancing Team	2	
11		Cheer Dance Team	2	

12.5 Any proposal that fails to meet any of the passing marks specified above will fail the technical assessment and will not be considered further.

12.6 Score weighting of Technical Proposal vs. total Price Proposal = 70% : 30%

12.7 Each Tenderer's Technical Proposal and the Price Proposal will be weighted and calculated with the following formulae:

$$\text{Technical Proposal (A)} = 70 \times \frac{\text{Score of the Tenderer being assessed}}{\text{Highest score amongst the conforming Tenderers}}$$

$$\text{Price Proposal (B)} = 30 \times \frac{\text{Lowest price amongst the conforming Tenderers}}{\text{Price of the Tenderer being assessed}}$$

12.8 The total score obtained by each Tenderer = (A) + (B)

12.9 Calculations should be rounded to the nearest two decimal places. In other words, figures with value at the third decimal place larger than or equal to 0.005 will be rounded up by adding 0.01 to the figures and curtailing the third decimal place onward, whereas figures with value at the third decimal place below 0.005 will be rounded down by curtailing the third decimal place onward without changing the value at the second decimal place.

Normally, the proposal that obtains the highest total score will be selected for acceptance. However, the ECC is not bound to accept any offer.

12.10 If two or more proposals obtain the same highest total score, the proposal which obtains the highest weighted technical score will be recommended for acceptance.

### 13. Tenderer's Enquiries

- 13.1 Any enquiries concerning these Tender documents shall be made prior to the Tender Closing Date to-

Mr Harris CHAN  
Tel.: (852) 2835 1020  
Email: harristfchan@eeb.gov.hk

14. Unless otherwise expressly stated by the ECC in writing, any statement whether oral or written made in response to any enquiry made by the Tenderer shall be for information only. No such statement constitutes a representation or warranty of whatsoever nature, express or implied, and no invitation is made by the Government to any Tenderer or prospective Tenderer to rely on the accuracy or completeness of such statement. Unless in the context of an issued addendum to the Tender documents, the statement will not be deemed to form part of these Tender documents and it shall not alter, negate or waive any of the provisions set out in these Tender documents.

## **Marking Scheme for Technical Assessment**

Evaluation of the tenders will be based on the combined score (total weighted Technical and Price Scores). The mark weighting ratio of Technical Score to Price Score is 70% to 30%.

The Technical Proposal will be assessed in accordance with the following aspects with a full mark of 100:
